nano Fighter

ROUGH RIDER

INSTRUCTIONS

www.playmatestoys.com

The object is to raise and train your Nano Fighter building up his power level until, at age 18, he is ready to battle other Nano Fighters. The better you care for and train your Nano Fighter, the more battles he will be likely to win. It all depends on your coaching to see whether your Nano Fighter will be the champ or a chump!

CONTROLS

There are two different modes for your Rough Rider Fighter: Timer Mode & Play Mode

Remove the Activation Tab as shown by pulling it straight out. Your Rough Rider Fighter should now be activated. After a brief animated sequence, it is time to give your fighter a name.

ROUGH RIDER FIGHTER'S HEALTH

In order to take good care of your Rough Rider Fighter, you must know what it needs.
To check Rough Rider Fighter's Health:
Press button ◁ or ▷ to select the Health icon on the screen.
Press button ● to confirm your selection.
Wrestling Fighter Logo animation will be shown first.
Scroll through the Health section using button ◁ or ▷ .
You can check the following:

- Name of your Rough Rider Fighter
- Age and Weight
- Happiness
- Power
- Wins*
- Discipline
- Hunger
- Life*
- Loses*

* only if your Rough Rider Fighter is age 18 or above
(NOTE: Always check your fighter's health when the attention icon is displayed.)

FEEDING TIME

Your Nano Fighter works up an appetite so you will want to feed him right away.
To feed your Rough Rider Fighter:
Press button ◁ or ▷ to select the feeding icon on the screen.
Press button ● to confirm your selection.
Press button ◁ or ▷ to select the proper food.
Press button ● again to feed your Rough Rider Fighter.

CLEANING TIME

If you see some bad smell on your screen, then it's time to clean your Rough Rider Fighter.
Press button ◁ or ▷ to select the cleaning icon on the screen.
Press button ● again to clean your Rough Rider Fighter.

PLAY TIME & TRAINING

Playing and training with your Rough Rider Fighter is very important. Your Rough Rider Fighter will gain power after training. There are two games you can play with your Rough Rider Fighter.

Game 1 is weight lifting.
Game 2 is brick hitting.

Press button ◁ or ▷ to select the game icon on the screen.
Press button ● to confirm your selection.
Press button ◁ or ▷ to select Game 1 or Game 2.
Press button ● again to start the game.

(GAME 1)

Press the ◁ and ▷ buttons together quickly to make your Nano Fighter lift the barbells. You will increase your fighter's strength if you can lift the weights.

EXCLUSIVE DISTRIBUTOR: PLAYMATES TOYS INC.
611 ANTON BLVD., SUITE 600, COSTA MESA, CA 92626.
PRINTED IN CHINA.

(GAME2)
The object is to hit the bricks rising from the left and form the right by pressing the ◁ or ▷ buttons. If the bricks reach the top of the screen on either side your fighter loses. If you hit all the bricks on both sides your fighter wins and gains strength.

SLEEP TIME

Your Rough Rider Fighter must get plenty of rest so when you see that your Rough Rider Fighter is snoring, turn out the lights. To turn out the light:
Press button ◁ or ▷ to select the light icon on the screen.
Press button ● to confirm your selection.
Press button ◁ or ▷ to select either off or on.
Press button ● again.
When your Rough Rider Fighter wakes up don't forget to turn the light back on.

DISCIPLINE

If your Rough Rider Fighter begins misbehave then you must discipline your Rough Rider Fighter. (NOTE: Be sure to check the Health icon first !).
To teach your Rough Rider Fighter to behave, you must:
Press button ◁ or ▷ to select the discipline icon on the screen.
Press button ● to confirm your selection.

MEDICINE

If your Rough Rider Fighter gets sick, you must administer special medicine right away.
NOTE: If your Rough Rider Fighter refuses training or will not eat even though he is hungry, then your fighter is indeed sick.
Press button ◁ or ▷ to select the Medicine icon on the screen.
Press button ● to confirm your selection.
Your Rough Rider Fighter's health will improve after the first dose of medicine and the icon will change appearance. Your will need to administer a second treatment 10 minutes after the first in order to insure good health. If you attempt to give a second treatment in less than 10 minutes from the first, it will take longer to make your Rough Rider Fighter healthy again.

ATTENTION ICON ?/

If the attention icon appears along with a beep, you need to check on your Rough Rider Fighter.

FIGHTING

Your Nano Fighter must be at least 18 years old in order to battle another fighter. It will take approximately 2 days of training before your fighter is ready for battle. You can check your Nano Fighter's power level to see how well he might do in battle - the more power the better !

- Make sure the Attention Icon ?/ is not displayed and your fighter is not sick.
- Press button ○ until all none of the activities icons are displayed.
- Plug two or more Nano Fighters together in a row.
- Press button ● on the Nano Fighter furthest to the left and furthest to the right to begin the battle!
- Now sit back and watch the fighters slug it out !!!
- A winner and a laser will be displayed on the screen.
  In case more than 2 units are connected, the winner will then begin fighting the next fighter in the row until there is one winner left.

NOTE: Do not disconnect Wrestling fighters and do not press any key during fighting until all matches are finished and a winner is found.

SUCCESS

Be a good Rough Rider Fighter owner and take very good care of your Rough Rider Fighter and it will grow strong and live a long life.

In case Rough Rider Fighter game is over, you may start a new Rough Rider Fighter, simply:
Press and hold buttons ○ and ● at the same time.
NOTE: Pressing these two buttons will cause the game to reset only when Rough Rider Fighter game is over.

BATTERY REGULATION: Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.

Includes 2 replaceable button cell batteries. Batteries are included for demonstration purposes only and may need to be replaced by the consumer.

Caution: Avoid touching metal contacts at both side of the unit. You must keep the contact surface clean to make sure good communication between units.
